ACHIEVEMENTS

Global Client Collaboration:
Successfully delivered high-quality front-end solutions to international clients on Upwork and Fiverr, maintaining a strong track record of client satisfaction and positive feedback.

EDUCATIONAL QUALIFICATIONS

BSc in CIS major in AI

Daffodil International University

2023

CGPA: 3.56 (out of 4)

HSC (Science)

Dhaka

2019

GPA: 4.53 (out of 5)

SSC (Science)

Dhaka

2017

GPA: 4.80(out of 5)

TECHNICAL SKILLS

Programming

Python, Java, C, JavaScript

Web Technologies

HTML, CSS

AI & Data

Machine Learning, Data Analysis

Tools

Figma, Adobe, SQL, GitHub, pages, Numbers, Keynote

Typing Skills

Fast and accurate typing

Competitive Programming

100+ problem solved on Codeforces

TRAINING

Academic and online training programs

Completed several academic and online training programs focusing on AI concepts, Machine Learning workflows, Python programming skills, practical Data Analysis methods, and Advanced Web Development Blueprint.

EXPERIENCE

- Completed BSc degree with specialization in Artificial Intelligence.
- Worked on academic projects involving Machine Learning, Data Analysis, and Web Development.

- Gained practical experience in Python programming, data handling, and creating small AI/ML models.
- Participated in online training sessions and workshops related to AI, Machine Learning, and Python programming.

Freelance Frontend Web Developer | Fiverr & Upwork
End-to-End UI Development: Successfully collaborated with global clients to translate wireframes and design mockups into pixel-perfect, highly responsive, and semantic frontend code using HTML, CSS, and Modern JavaScript.

PROJECTS

Academic Projects

Developed academic projects focused on Machine Learning, Data Analysis, and Web Development, including model building, data handling, and creating simple interactive applications.

INTERESTS / HOBBIES

Technical

Coding, Problem Solving, Learning New Technologies

Personal

Reading Tech Blogs, Traveling
